

THE BINDER FOR EVERY DEPARTMENT

MODEL 11 BINDER

PRODUCTION CAPACITY Fast and robust for long production runs — when speed and reliability make the difference in meeting tight deadlines.

FAST & EASY TO USE No counting or punching pages. Simple one-button, one-machine operation. Only one size strip is needed to bind a range of book thicknesses up to 125 sheets.

STRONG BINDING OPENS FLAT Super strong space-age adhesive actually grips between and into each page, yet documents open flat for easy reading.

HEAVY-DUTY CONSTRUCTION Built to last for many years of use. Solid one-piece housing and steel book rack will hold up in the most demanding production environments.

PERSONALIZE YOUR DOCUMENTS Custom titles and logos may be added to your spines and covers (of your choice) with our desktop foil printers. No die costs, no waiting for days.

SPACE SAVING DESIGN Compact, award-winning design with an integrated book rack, plus compartments to hold up to five boxes of strips, all in the same footprint.

fastback®

FASTBACK® MODEL 11

The Model 11 is a compact, user-friendly, high production document binder that binds from 3 to 125 sheets quickly, easily and economically. Documents can be edited in seconds. It can handle the most demanding binding requirements of reproduction departments, print shops, and desktop printers.

Fastback® binding is strong, durable and attractive — binds require far less time and labor than coil, comb or Velobind® bound documents. Pages in a Fastback® bound document can withstand 50 pounds of pull and stay securely bound, even after many years of use.

Add your own foil printed titles and logos to each document. Covers and spines may be personalized with our Foilfast® printer and our Powis Printer®. No other system offers such customized document binding with great-looking foil printing right at your desktop.

SPECIFICATIONS

MACHINE DIMENSIONS: 14³/₄"D x 22¹/₂"W x 12¹/₂"H
(with cooling rack — 16¹/₂"H).

WEIGHT: 36.6 lbs (with cooling rack — 44 lbs).

STANDARD BINDER STRIP LENGTHS: 8¹/₂", 11",
